Exercise: Embed Stylesheet

1. Open *update.html* in your editor and browser.
2. In the head container, type the following bold code:

<head>
<title>Embed a stylesheet practice</title>

<style>

</style>

</head>

3. Save your changes and reload the page in your browser.
4. In your editor, add the following bold code:

<style>
p { color: navy ; }
</style>

5. Save your changes and reload the page in your browser.
   All paragraphs should be navy blue.
6. In your editor, change the selector from `p` to **h2**.
7. Save your changes and reload the page in your browser.
   All paragraphs should be their default color and `<h2>` headings should be navy blue.
